

Scott Harris

His favorite quote by essayist H.L. Mencken is a perfect way to describe what News 13 anchor Scott Harris likes most about his work: “comforting the afflicted and afflicting the comfortable.” Scott's intellect, writing and wit keep News 13 fresh and snappy.

A journalist with a solid news background, Scott has proudly worked in Central Florida his entire career. His knowledge of the area gives News 13 a depth few other news organizations can claim.

Scott's first job was as a radio disc jockey. He's gained experience as a radio talk show host (WDBO-AM), a television reporter, executive producer and assistant news director. He is also a veteran of the United States Air Force.

Reading, golf, sailing, tinkering with his computer and keeping up with his dog and cat keep Scott busy when he's not behind the anchor desk.
