**COUNTY ATTORNEY'S REPORT:** November 1971 page 27

The County Attorney advised that he has drawn a proposed resolution with regard to the petition from residents requesting that their area be known as Taintsville for the Board's consideration.

Motion by Commissioner Vihlen, seconded by Commissioner Kimbrough and carried, setting December 14, 1971, for an agenda item to consider the adoption of a resolution acknowledging that an area as delineated on petition received and filed on November 2, 1971, be henceforth known as Taintsville, and that property owners within said area be notified by the Zoning Department of the date and subject to be considered.

County Commission Minutes:

**PROPOSED DESIGNATION OF TAINTSVILLE-**December 14, 1971-page 100

The Chairman announced that the Board previously received a petition from property owners living in an area located between Chuluota and Oviedo on SR419 requesting that their area be known as the village of Taintsville. He stated the Board set this date for consideration of the request and those persons living in this approximate 660 acre area were notified by the Zoning Department that the request would be considered. He stated that most unincorporated areas that do have name designation are those that have a post office or a railroad station designation. He stated it would appear that this is the first request presented to the Board for an area to be designated by name that has no post office or railroad station designation.

The Zoning Director exhibited a map outlining the area petitioned for name designation.

The Chairman read the proposed resolution in full for the Board's consideration.

Mr. Ted Peterson, representing the petitioners, addressed the Board to state that there is a group of property owners in the area that have been meeting for approximately three years and it is their desire to have a name designation to refer to their area the same as Snow Hill and other areas. He stated the name of Taintsville was suggested by Mr. Best. He stated their request was made in all seriousness and they feel the quaintness of the name will be an asset and will draw interest.

Mrs. Leslie Gross addressed the Board stating this area has been called Taintsville for some ten or fifteen years by the residents.

The Zoning Director advised that there are not more than 30 property owners in the entire area proposed to be named.

Mr. Peterson stated that every property owner he has talked with is in agreement with the proposed name.

Mrs. Lenel Perry addressed the Board stating she would like information on how difficult it would be to change the name at a later date and the Chairman advised that a change would involve another resolution.

No other person spoke in favor or in opposition.

Motion by Commissioner Vihlen, seconded by Commissioner Yarborough and carried, adopting appropriate Resolution, as shown on page 126 (17) relating to request of certain citizens within a defined geographical area of Seminole County requesting the designation of said area as the Village of Taintsville and resolving that the area henceforth be known as the Village of Taintsville, without charter or power in law and further to known by such name only so long as custom and habit will allow.

The Chairman requested that a copy of this resolution be forwarded to Rand McNalley and Smedley Map Service.
